## Summary

After learning 4 levels at Little UK, realizing how I love the educational program, the spirit, and can see the importance of all of the skills which teachers want to inspire. I want to be a part of Little UK, want to dedicate my enthusiasm, apply skills I have learned, adapt, improve myself to help subsequence LUKers can have a good experience of learning English well, help them open the door leading to Global Citizen. I believe with the spirit "Love learning - Big vision - Face challenges" nothing is impossible.

## Education

### Little UK Saigon

Completed 4 level

Nov 2020 - July 2021

### FPT University

Software Engineering

Sep 2020 - Present

My Products

## Skills
